

# 2023 MAC AWARDS ELIGIBILITY RULES AND CATEGORY DEFINITIONS

## THE AWARDS PROCESS

For an artist to be considered for a MAC Award, an application must be submitted documenting his/her eligibility. The application can be submitted by:

- The artist him/herself (or by someone else with the artist's permission)
- A MAC member club in which the artist performed
- A member of the Eligibility Committee or one of the specialist committees (see below)

The MAC Awards Eligibility Committee will review all submissions to verify eligibility and ensure that applicants have consented to being submitted for an Award.

For most categories, there will be two ballots submitted to all MAC members:

- The preliminary ballot, prepared by the Eligibility Committee, which will list all eligible applicants in each category. The people appearing on this preliminary ballot are not nominees and may not be advertised as such. Every MAC member may select up to three choices in each category—except in categories for which the instructions on the ballot specifically state otherwise. The votes will be tallied by the independent voting company retained for this purpose.
- The final ballot listing the top vote-getters from the preliminary ballot, with a maximum of five in each category (unless a tie in the preliminary ballot voting requires that the number be expanded, or if the Eligibility Committee, in its sole discretion, determines that a greater number is appropriate—for example, if warranted by the large number of candidates in the category). The people appearing on this ballot are *MAC Award nominees* and may be advertised as such in publicity or press materials. Every MAC member may select one choice in each category; the votes will be tallied by the independent voting company retained for this purpose, and the MAC Award winners will be determined.

**For other categories, specialist committees will select the nominees;** those categories are identified in the category definitions below. Each such nominating committee shall consist of at least four members, at least one of whom will be a MAC Board Director; the committees will choose the nominees in each category. This selection process will take place concurrently with the first round of membership voting described above. Nominees in these categories will appear on the final ballot, to be voted upon by the MAC members as described above.

## GENERAL ELIGIBILITY

Only work performed live (not virtual) in calendar year 2022 is eligible. Shows performed in 2022 that had first been performed in a prior year are eligible, so long as that show did not receive a MAC nomination in a prior year. Shows performed in 2022 that have substantially the same content as a show nominated in a prior year are not eligible.

Either the candidate must have been a MAC member in good standing at the time of the application process or the work to be considered for an award must have been performed in a MAC member club

in 2022. (MAC member clubs are listed on the MAC web site, [www.macnyc.com](http://www.macnyc.com).) People who are not MAC members or who did not work in a MAC member club can qualify by joining MAC no later than the application submission deadline.

For most performance categories, MAC members must have given at least four eligible performances within the eligibility year (January 1 - December 31, 2022). At least three of these performances must have taken place in the greater New York metropolitan area (within a 90-mile radius of New York City). Non-MAC members must have had a total of at least four eligible performances in one or more MAC member clubs located in the greater New York Metropolitan area. For both MAC- and non-MAC members, the four performances need not have been of the same show. To be eligible, a performance must take place live in an eligible venue before an in-person audience. **See the category definitions, below, for rules and exceptions specific to individual categories.**

Guest spots in benefits, anniversary shows, variety shows and special events do not count towards eligibility. However, complete shows that were presented as benefits are eligible for consideration. Shows not open to the general public (e.g., performances with an invited guest list or shows open only to members of a club) are not eligible.

No person may appear in more than one category in any given year for essentially the same work (e.g., Female Vocalist and Female Musical Comedy Performer)—except for shows chosen by the Board as nominees for Show of the Year. However, where categories are clearly different, one person may be eligible in more than one category (e.g., vocalist and director). Performers are not eligible in the Director category for directing their own shows, and vocalists who accompany themselves are not eligible in the Musical Director category for those shows. The MAC Awards Eligibility Committee will review the categories in which the artists have been submitted and will adjust them if it deems appropriate. Artists will be given the opportunity to appeal category reassignments with the Committee; the Committee's ultimate decision will be final.

**There is a unique application form for each category. A separate application form must be submitted for each category in which the artist is competing. DO NOT submit multiple categories on the same application. For example, if you are applying in both the Recurring Series and Emcee categories, two separate applications must be submitted.**

**All required supporting documentation must accompany the application. The withholding of information that could affect eligibility or category placement, or supplying information that proves to be materially false, may result in disqualification or subsequent revocation of an Award.**

The timetable for application submission will be communicated to members well in advance of the deadline.

To avoid the uncertainties inherent in postal delivery, **all applications must be submitted by email**, as follows:

- Your completed category-specific application form and all supporting documentation should be included **in a single email**. The subject line of the email should identify the category in which you are submitting—e.g., Female Vocalist submission. If you are submitting in multiple categories, **a separate email must be submitted for each category**. The email, including your application form and all supporting material, should be sent to:

**[macawardssubmissions@gmail.com](mailto:macawardssubmissions@gmail.com)**

You will receive an immediate confirmation of receipt.

- Instructions for submitting entries in the two Recording categories and in the Song and Comedy/Novelty Song categories can be found on the respective application forms for those categories.
- If you have any problems submitting your application by email, either email us at cabaretmacnyc@gmail.com or leave a message on the MAC Hotline (855-622 6921) and someone will get back to you.
