

YOU SHOULD HAVE BEEN KIND

I've had enough,
Can't take anymore.
You thought you could break me
down
Like you did before.
I was the best thing
You ever knew.
But I've seen the light
And this good-bye
Is long overdue.

Chorus:

It could have been good
YOU SHOULD HAVE BEEN KIND
Instead it's my battered heart
You'll leave behind
I thought I loved you
I must have been blind
We could have been great
It could have been good
YOU SHOULD HAVE BEEN KIND

It doesn't hurt
Like I thought it would.
I got back my self respect
Like I knew I could.
You thought that you fooled me,
But I'm not your fool.
I deserve more
Than a heartless man
So cold and cruel.

Chorus Repeat:

It could have been good
YOU SHOULD HAVE BEEN KIND
Instead it's my battered heart
You'll leave behind
I thought I loved you
I must have been blind
We could have been great
It could have been good
YOU SHOULD HAVE BEEN KIND

Instrumental Solo:

I've got my freedom
I've salvaged my pride.
And I'm not afraid
Just look at my face
My tears have all dried!

Chorus Repeat:

It could have been good
YOU SHOULD HAVE BEEN KIND
Instead it's my battered heart
You'll leave behind
I thought I loved you
I must have been blind
We could have been great
It could have been good
YOU SHOULD HAVE BEEN KIND

We could have been great
It could have been good
YOU SHOULD HAVE BEEN KIND
